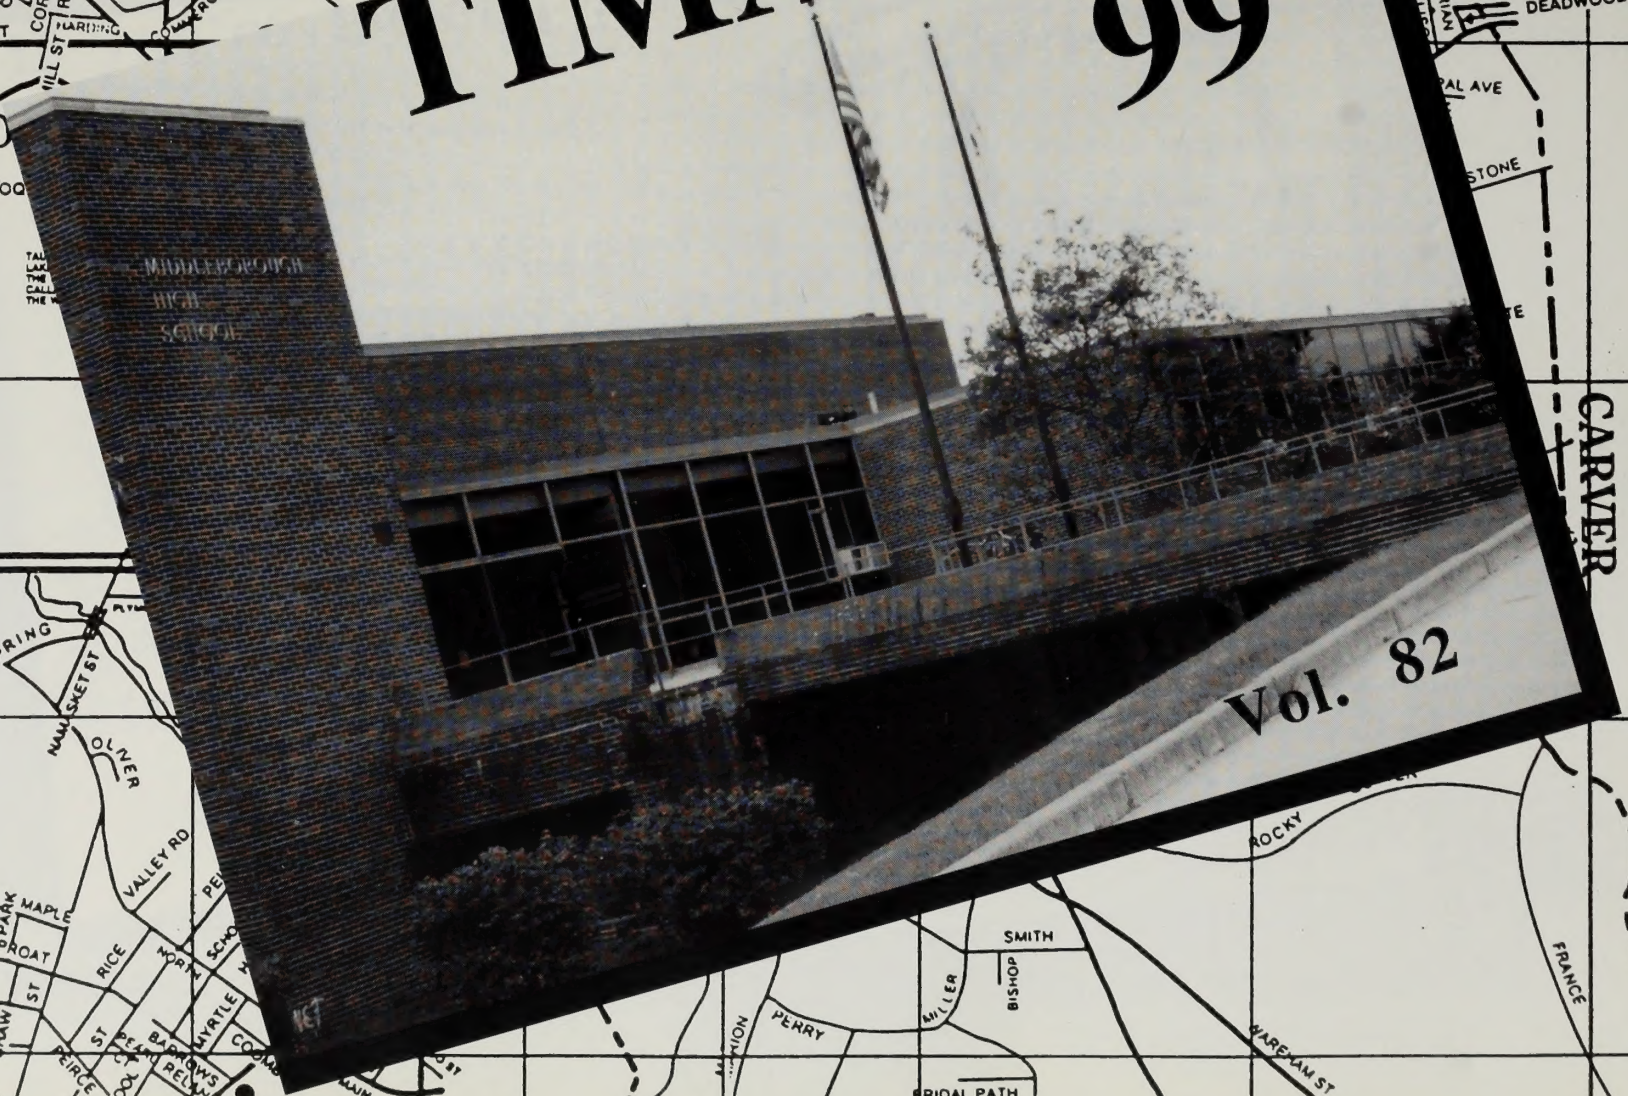
A YEAR TO REMEMBER

'69

TIMARON 99



Vol. 82

Middleborough

dear classmates,

Over the years you'll probably receive and send many postcards. If you save them, you'll be able to see glimpses of what has happened with your family and friends, in school and in Middleboro. Here are some postcards we decided to save to help you remember all that happened in and out of MHS this year. Hope you enjoy them.

Brian + the yearbook staff.

George Michael Sherman, Sr.

Throughout his 25 year teaching career at MHS, Mr. George Sherman, Sr. taught a variety of classes such as accounting, DECA, and history. He also began his own business, Sherman Home Inspections, Inc., with his wife. From the Rotary Club to MTA, Mr. Sherman kept busy with being actively involved in many civic and professional organizations. He was a devoted husband, father, teacher, businessman, and friend. He enjoyed reading, writing, traveling, and the stock market, among other things. He had an easy going nature and was very knowledgeable with the will to share his knowledge with others. *We will miss Mr. Sherman.*

Hey! It's another busy day in the computer lab!

Dear Bill Gates,
While enjoying my tech class, I've learned the money-making skills to help me further my career. By the size of your bank account, you have obviously already mastered such skills.
With any luck, I will follow in your footsteps. I plan to spend my summer surfing the Web.
Long live Computer Tech!

How are you? I am having a great time in America. I have made lots of friends here. Christmas is in one week and I am very excited about it, but I still miss our tradition on christmas eve. I'll miss the mashed potatoes with sauerkraut, white sausage and sweet mustard. I played football in November. It was called Powder Puff and is the Junior girls against the senior girls. The Juniors lost, but I still had fun. Well, I've got to go. I miss you and I will see you in August

Speech & Theatre Workshop

Mrs. Osborne

Where at MHS can you go to sing, dance, and act? Speech & Theatre Workshop! This school organization lets you develop your talents, whether it be onstage or off. Speech & Theatre Workshop participates in many activities such as face painting, musicals, plays, New England Theatre Conference, Boston Globe Drama Festival, London Trip and That's Entertainment, to name a few. This organization would not be possible without the strong leadership of President Sarah Brooks, Vice President Gretchen Holloway, Treasurer Emily Hartford, and Secretary Jill Fleming. Speech & Theatre Workshop is over twenty years old and has continually provided students with a creative outlet to have fun.

A Speech and Theatre Workshop Production

December 11 and 12

Another dramatic triumph for the young thespians of Middleboro. An impressive cast of 19 students recreated the Pulitzer Prize winner from 1958. Hours of rehearsal, a rash of construction difficulties and every day bouts of homework, flu, colds, etc. were overcome by the cast and crew. This marked the debut of Director Sue O'Neil with Mrs. Osborne as Producer and the Technical Theatre Class designing the set.

Dear John Williams:

I really wish you had been lucky enough to experience the sweet sounds of this year's Band and Orchestra. Let me tell you - we were amazing! We should thank Mr. Gross for sending us to band camp and Mr. Clinton for his hours of instruction to the orchestra. Or maybe our success is due to the fact that for the first time ever we had drum majors leading the band. (Not to mention the fabulous percussion section!!)

Either way, I'm glad that we all had a MUSICAL year!

Keith

i dreamt i was drowning in a faceless mass, marching away. i struggled against it.my goal unknown & just out of reach. the noise & lights surrounded me, i was pulled down. i fought with all my might yet i fell. When i awoke i had a new set of eyes & saw an ANGEL. he taught my eyes to see, love, feel. one day everything shattered, my ANGEL was gone. i was alone.a Philosopher & an Angel came. the Angel soothed me & she sang me to sleep while the Philosopher held me, they loved me. i then lived my dreams boldly, met my true friends, used my eyes. i met a spirit who never left my side & saw with me. then my ANGEL took me away. eyes are so special why? he said thats not eyes but your SOUL.

My Dear Class of 1999,

It seems like such a short time ago that we began our journey together! I remember thinking how we'll be successful in raising the needed money and yet enjoy ourselves too. Alas, we've completed our journey together and what an adventure we've had from Six Flags to Breakfast with Santa, bunny sales to spirit banners.

May you all take the lesson that work can be fun and planning is everything as you continue down your journey of life, for truly your life is just begun.

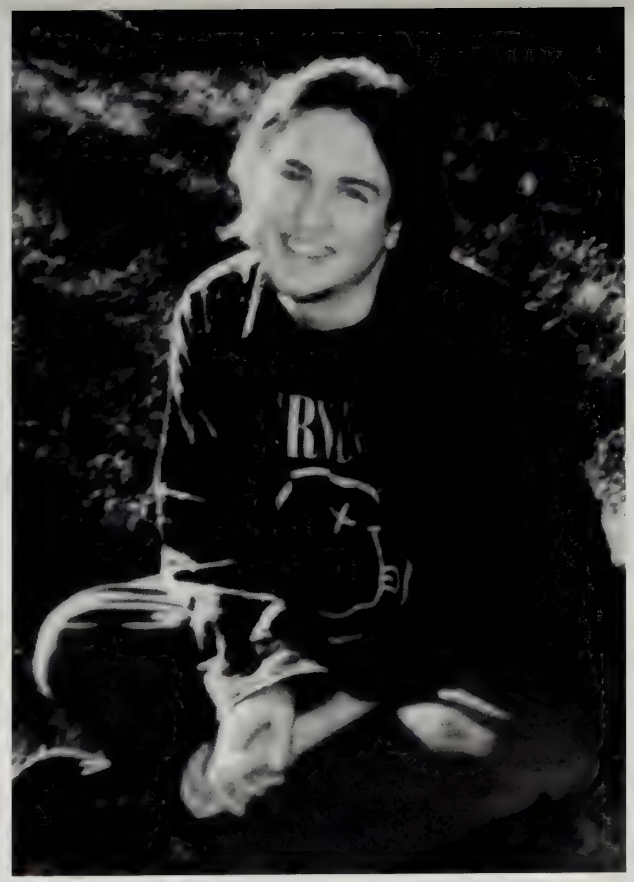
Sometimes I wonder
If we wish on the same star.
Sometimes I wonder
If I can run to hug you wherever you are.
Sometimes I wonder
If your in my dreams when your in mine.
Sometimes I wonder
If we were meant to be together, forever.
Hope so.



Are you gonna be there
when I fall asleep?
Are you gonna be there
in my dreams?
Are you gonna be there
when I wake?
I wonder, was I there when
you closed your eyes?
Sorry.
There I go wondering again.

Lindsay, Corrine, and Melissa are doing the conga with style!

It's 10AM, Saturday, and your alarm clock rings. Tonight is the prom, the day you have been waiting for. You've spent months at your after school job saving to buy that perfect dress that makes you feel like a princess. Your dress is hanging on your closet door with matching shoes and accessories to go along with it. Once more you call to confirm your hair appointment and make sure everything is settled. After getting your hair and nails done you get a call from your date telling you that he's off to pick up his prom-in-a-bag from Mr. Tux at the mall and is looking forward to seeing you later. As soon as you get dressed the photo frenzy begins as friends and relatives bombard you. Arriving at what used to be the gym you see a mass of balloons and decorations everywhere. You wonder what your night will be like "Under The Stars."

Dave Hazard gets his groove on!

Melina and Sarah are just as smiley as can be!

Love you lots, Mom

Lindsay [Reardon], Now that you are grown, I look back and ask myself . . .

Did I tell you???

Did I tell you never to speak out where you feel there is room for improvement? Work for what you believe, but work in a positive way within a structure of order and reason.

Did I tell you to find a part of nature that speaks to you, then know it intimately. For some it is the waves of the sea. Find your own and in it find your restoration.

Did I tell you to serve other people if only in a small way. There is growth and satisfaction in being part of something larger than yourself . . . Your way of life will be richer for knowing this.

And *did I tell you* the joy and challenge of being a woman; the joy of exploring a world of your own, discovering and fulfilling your capabilities?

Did I tell you to be bold? To not be afraid of the unknown, but to live life to the fullest and to meet each new experience with joy and anticipation. And *did I tell you* to be cautious? To temper your daring and sense of adventure with good judgment and consideration.

Did I tell you to laugh, to dance, to sing? There is a lot in life that is hard, but take it as it comes and find the good . . . and make times to dance.

Did I tell you these things along the way? If I did, I am humbly grateful. If I did not, then you must choose for yourself. If it has meaning, accept it; if it does not, discard it. Your life is yours to build as you choose.

And did I tell you . . .?

We hope it will be a good life!!!

Love You

Antoine,

I'm no longer with the Celtics but I still keep up with what's happening in MA. I hear the boys basketball team in Middleboro did better this year, 9-11 and only one game away from the tournement. If they keep improving it's just a matter of time before they go all the way. Attitude and determination are just as important as skill. Who knows - someone may be on the Celtics in the future.

Dear Katie,
I'm so proud of the whole team. You guys had your best season in a long time. That's what happens when you have a great coach and captains like Spud and Rachel. They were part of a great starting line up along with Erin, Laura, and Krissy. You all had amazing chemistry on the court. The team was strong with offensively and defensively. You all fought hard for a final 9-11 standing. You all should be proud.

Dear Nanny,

I know you love field hockey, so I decided to tell you about the great team at MHS. What a year! The girls are third in their division and have many new promising members. There's a few sophomores and even a freshman on the varsity team, additionally there are many experienced juniors. Although the team will be loosing their three senior members, they will leave knowing they have lead their team to a successful year. Write back soon! Tom Roberts

Dear Callie,
Guess what! The Boys Soccor team won the Patriot league championship this year! They've never done this before! what talent and confidence. After so many disappointing seasons Coach Manny Pimental is awful proud of the team he's coached for only four years. Maybe we should see a game soon.

See you soon,
Jacob

Dear Mia,

Yesterday I went to the Middleboro girl's soccer game. It was awesome! The seniors were great leaders and the teamwork was phenomenal. The team was very optimistic and gave 110%. The defense was excellent and they are working on tracking players making forward runs. I can't wait to go to the next game!

Sincerely,
Michelle

Dear Mark,

MHS has a great boys Swim team. Although there were a couple of new swimmers, most members were experienced. Many swimmers improved their times at every meet. The team as a whole placed 5th at the Pilgrim Conference, and senior Brendan Whalen placed 12th in diving at States. Corey Cameron, Brian Burke, Greg Thompson, and Mike Dudek all made it to sectionals. See? I told you they were good! I can't wait 'til next year. Well, got to go.

Keep swimming,
Greg

Dear Jonas,
Swimming + Diving was great this year! We had so much fun together. What a great group of girls! There were a lot of freshman on the team as well as experienced swimmers + divers. Most of our meets were at home which gave us the "home-pool" advantage. We won more meets than we lost. Most of us got our best times + scores. I'll always remember this year with the team.
Love,
Your Favorite Diver

Dear Stone Cold,

This wrestling season the team did very well. There were four state qualifiers. The team won a few matches as well as third in the Norwell High School Tournament. The seniors went out with a bang and they have many talented underclassmen to continue after them. Although wrestling was tough with the amount of people on the team, the wrestlers are hoping for a better turnout next year to improve on the numbers.

Sincerely,
Hulk Hogan

Mr. Denise
Our teacher, coach, colleague and friend!

The spirit rally this year celebrated more than just the great Sachem spirit. It was time to say goodbye to Mr. Robert Denise. After 30 years at MHS, Mr. D or Mr. Spam was headed to Mashpee as an administrator leaving behind a rich history of involvement at MHs. If you wore a uniform or used equipment, He was the MAN. As a teacher, if you needed paper, pens or paper clips; He was the MAN. As a student in accounting, searching for the right answer or someone who would listen, He was the MAN. And we will miss . . . the MAN.

Sarah Bemis had the time of her life when she was presented with tickets to the Rosie Show in New York. A long time fan, this was a special day never to be repeated.

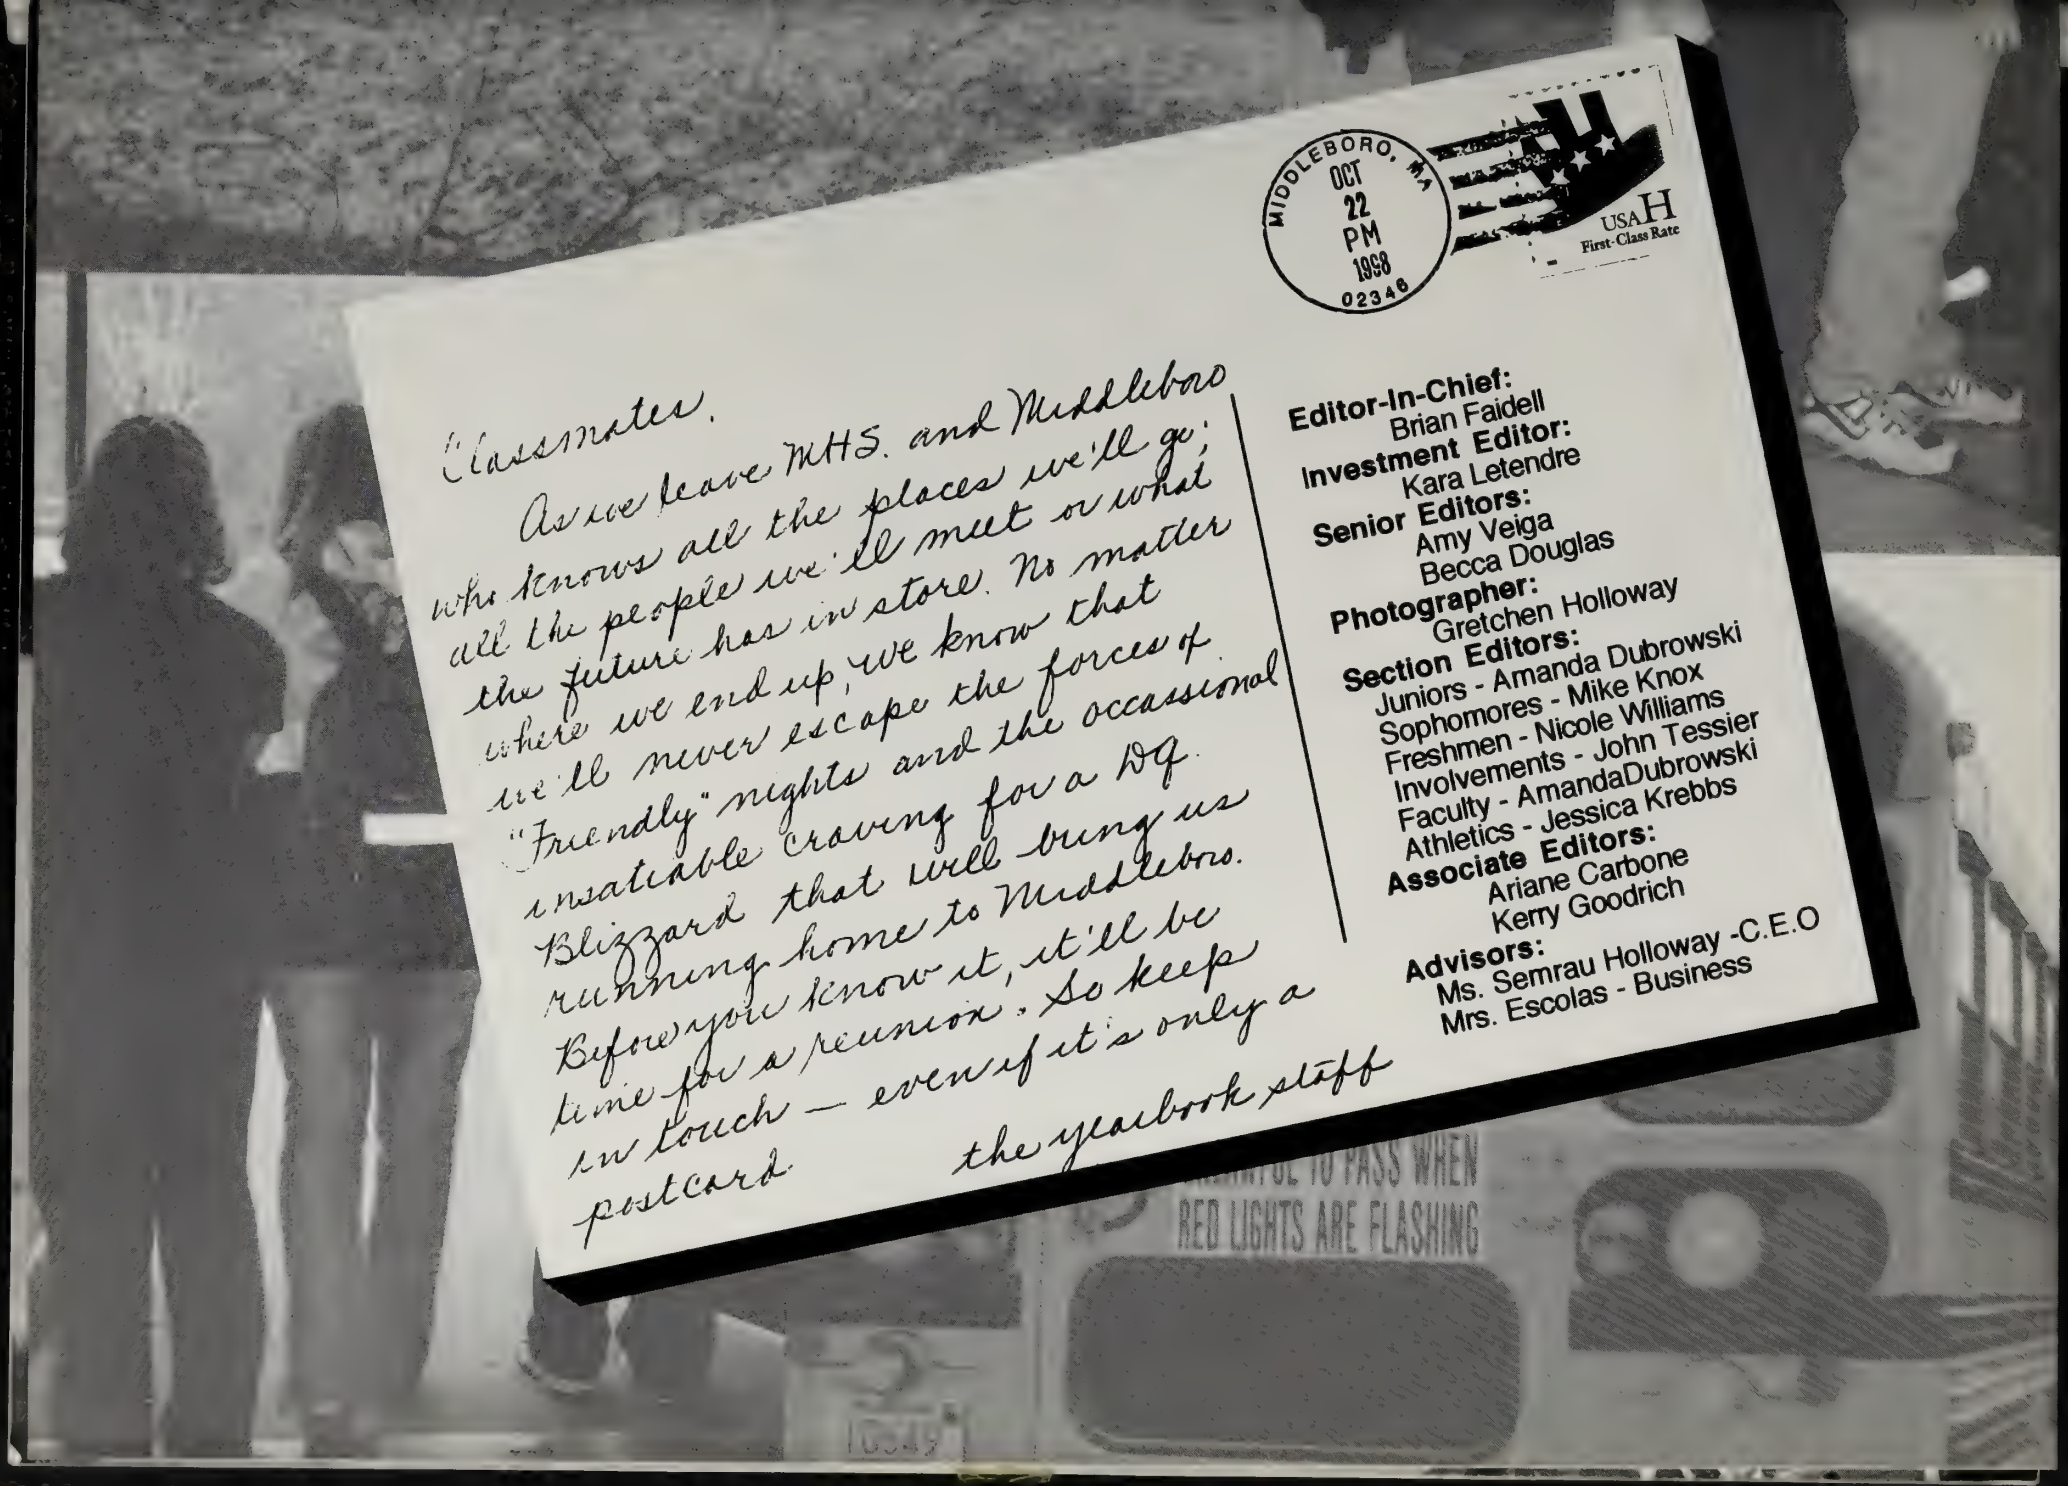
SCHOOL BUS
...We're outta' here!



Classmates.

As we leave MHS. and Middleboro who knows all the places we'll go; all the people we'll meet or what the future has in store. No matter where we end up, we know that we'll never escape the forces of "Friendly" nights and the occasional insatiable craving for a DQ. Blizzard that will bring us running home to Middleboro. Before you know it, it'll be time for a reunion. So keep in touch — even if it's only a postcard.

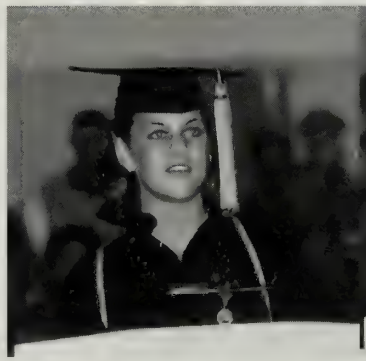
Graduation Day.

"What do footprints, a marathon, and bungee jumping have in common?"



Maureen Piquette, class president, reflects on the past and recalls the footprints that the class has followed and those they may follow in the future.

Kristen Naylor, Salutatorian, likens life after graduation to her experience of bungee jumping in Florida. With the help and encouragement of others, you can do anything. It may be scary, but it can be the most exciting thing you've ever done.

Betsey McGuire, Valedictorian gives her class credit for completing what may have been a marathon, — just getting through 12 years of school. But perhaps the marathon is simply our journey through life and school is only one leg of the marathon.

Rob Easterbrooks and Lindsey French lead the way.

Now it's Harvard. Here I come!

Hey, Dad,I really did it.

Dear Ben,
